

Oak Park Library Media Center NEWSLETTER

November 2022

Track Tales:

We are excited to start our OSEF project, Track Tales. Each month we will feature a tale from around the world for students to read and enjoy as they walk the track. This month's tale from Canada is called *Nanabozho and the Maple Trees* retold by Lucy Bioletti.

Parental Engagement

This month we would like to encourage our families to travel the world through a new book. Be on the lookout for a literacy activity that will be coming home in Tuesday folders. We hope you will enjoy this engaging project together with your child!

First Class Passengers
